WORK EXPERIENCE

.NET / Full-Stack Developer, Internship (LIA 1)

InFiNetCode AB | Sep 2025 – Nov 2025

Technical development, team collaboration, UX mindset, structure, and logic.

Contributed to the development of the course platform Dojo in an agile team, built using Clean Architecture. Worked with ASP.NET Core, EF Core, C#, React, TypeScript, and Next.js. Implemented authentication using GitHub, Google, refresh tokens, and Identity, as well as API integrations between backend and frontend. I also implemented Stripe's payment solution and combined technical work with graphic design in Figma for the platform's interface.
